**Ombudsman assessment/recommendation**

<p>The Ombudsman notes that Master X was detained on 15 May 2014 following his birth to parents in immigration detention and has been held in detention for over two years with no processing of his protection claims.</p> <p>The Ombudsman notes with concern that without an assessment of Master X's claims to determine if he is found to engage Australia's protection obligations, it appears likely that he will remain in detention for an indefinite period.</p> <p>The Ombudsman notes the Minister's recent Statements to Parliament, in which he advises that DIBP is progressing the substantial caseload of maritime arrivals, and will provide him with advice to assist his consideration of whether to lift the bar to allow these people to lodge a temporary visa application.</p> <p>The Ombudsman recommends that the Minister lift the bar under s 46A and processing of Master X's protection claims commence as soon as possible.</p>
